Expert Series with John R. Goldblum, M.D.

Gastrointestinal and Soft Tissue Pathology with Microscopy:
A One-on-One Tutorial

Release Date: July 15, 2019

Scientific Sponsor
Educational Symposia

Accreditation
Educational Symposia is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians. Educational Symposia designates this enduring material for a maximum of 10.0 AMA PRA Category 1 Credit(s)™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

All activity participants are required to take a written or online test in order to be awarded credit. (Exam materials, if ordered, will be sent with your order.) All course participants will also have the opportunity to critically evaluate the program as it relates to practice relevance and educational objectives.

AMA PRA Category 1 Credit(s)™ for this activity may be claimed until July 14, 2022.

This CME activity was planned and produced by Educational Symposia, a leader in continuing medical education since 1975.

This activity was planned and produced in accordance with the ACCME Essential Areas and Elements.

Educational Objectives
At the completion of this CME teaching activity, you should be able to:

• Recognize the major diagnostic pitfalls in the diagnosis of Barrett’s esophagus and Barrett’s-related dysplasia.

• Describe the evolution of diagnostic immunohistochemistry for soft tissue tumors.

• Identify some of the major diagnostic issues in the most common colorectal polyps, including serrated polyps.

• Describe the most recent diagnostic challenges in diagnosing and reporting colorectal polyps.

• Discuss the most common benign and malignant well-differentiated lipomatous tumors.

• Differentiate gastroesophageal reflux disease from other types of esophageal injury.

No special educational preparation is required for this CME activity.
